DIARY

ADD/A [REDACTED]

Monday, 2 February 1953

1. At Mr. Dulles' request, ascertained the age of [REDACTED] and passed it on to Mr. Dulles. He is 58.

2. At Milton Eisenhower's suggestion, Mr. Dulles asked me to ascertain whether [REDACTED] was associated with the Agency as a personnel spotter or in any other capacity. [REDACTED] apparently was formerly with Penn State and is now with Syracuse University. According to Personnel, Mr. [REDACTED] is not connected with us. I will ascertain whether Mr. Dulles feels we should take him on and issue appropriate instructions to Personnel.

3. [REDACTED] telephoned to say that a [REDACTED], employed in "I" or "J" building, in talking to one of the workmen installing our air conditioning equipment, got an impression that the whole electrical installation job was unnecessary and that it was a waste of the taxpayers' money, due to the fact that facilities already installed were adequate. I thanked [REDACTED] and told him I would explore this and would let him know the result. Have instructed [REDACTED] to investigate and report.

5. Briefed Meloon on the case of [REDACTED] ORR, and asked him, without discussing this matter with ORR or [REDACTED] to make a study of places where he might possibly be employed and advise Mr. Wolf.

6. Pforzheimer and Larry Houston asked my advice as to whether we should make any attempt at this time to obtain "equivalent military credit" for doctors on duty with CIA. They recommended against it. I concurred and told them to proceed accordingly.
